1. SAFETY IS OUR NUMBER ONE PRIORITY!
2. We encourage you to have one (1) adult parent/chaperone to every five (5) children.
3. Safety is the main responsibility of the parent/chaperone. Children must behave and cooperate during the airport visit. This is an active airport with many vehicles and aircraft within the vicinity of each tour stop. We do not want anyone to get hurt!
4. Your tour guide has the right to cancel a tour at any time if safety is jeopardized.
5. Most of our wonderful tour guides are airport volunteers.
6. Any group larger than 10 must provide their own transportation.
7. Please notify us as soon as possible regarding any changes prior to the tour date.
8. Groups may use the Observation Deck on the south side of the airport. Please be advised that there are no sanitary facilities available. The deck cannot be reserved, as it is open to the public. There are picnic tables on the partially covered deck and a children's play area is located nearby. Speakers are located on the deck to listen to air traffic controllers and pilots talking.
