Chair Messer provided a recap of City Council's Workshop meeting held on Monday, January 14th. She said that Mr. Rozansky and the ESA consultants, Doug DiCarlo and Mike Arnold, presented the Master Plan Update. She said Mr. DiCarlo shared a summary of customer and public input to date, and one of the common issues expressed during the outreach was feedback on noise over residential areas and concern that the Master Plan Study Update did not include a comprehensive noise study. She said Mr. DiCarlo explained that it is not common to incorporate a noise study and a master planning study together although sometimes they are done concurrently or sequentially. Chair Messer wanted to communicate for the benefit of the public that the Authority is embarking on the noise study but it is not part of the master plan update.

At the City Council Workshop Meeting, Chair Messer reported that a Council member commented that for the last couple of years, communications with citizens and tenants has been first class.
