D. DISCUSSION ITEMS

Chair Lenhard requested Mr. Keith to provide opening remarks. Mr. Keith stated that the purpose of the meeting is to interview the firms that responded to the Runway 5-23 Drainage Improvements Professional Consulting Services Request for Qualifications (RFQ). Mr. Keith reported that there were two firms that responded and both are known to staff and have worked at the Naples Airport before. He said that each firm would be given 25 minutes to present their firm, followed by a 20-minute question and answer period. After both presentations, Mr. Keith said that the Committee will be asked to provide a ranking of the firms interviewed and that the results of the Committee will be presented to the full Board for approval at the October 18th Regular Meeting.

1. Interviews and Ranking of Responses to Runway 5-23 Drainage Improvements Request for Qualifications

a. Hole Montes, Inc.

Chair Lenhard welcomed Mr. Robert L. Murray, P.E., Principal in Charge; Mr. Tim Parker, P.E., Associate/Senior Project Manager; and Mr. Austin Brown, E.I., Civil Engineering Design of Hole Montes, Inc.; and Mr. Shane Johnson, environmental sub-consultant of Passarella and Associates. Mr. Parker distributed a copy of their presentation to Committee members. Mr. Murray and Mr. Parker provided an overview of their firm, recent experience at other Southwest Florida airports, IT capabilities, technical design considerations, project understanding and approach, a review of their sub-consultant team and benefits in selecting Hole Montes team for the project. A question and answer period followed.

b. EG Solutions Inc.

Chair Lenhard welcomed Mr. George (Kelly) Rubino, P.E., CBC, Co-Founder, Principal in Charge and Mr. Scott Brady, P.E., Project Manager of EG Solutions Inc.; Ms. Julie Sullivan, M.S., Southeast Regional Director, Biological Resources Director of Environmental Science Associates (ESA); and Mr. Mike Harris, Aviation Designer of Hanson Professional Services Inc. A copy of their presentation was distributed to Committee members. Mr. Rubino presented an overview of their experience at Naples Airport and introduced the EG Solutions team organization. Mr. Brady presented the project issues/approach, a graph of costs and risk management, construction phasing plan, environmental clearances for stormwater and groundwater, Runway 5-23 drainage/permitting plan, and the benefits for selecting the EG Solutions team. A question and answer period followed.

Chair Lenhard opened the discussion to evaluate the firms and requested Commissioner Rideoutte and Commissioner Messer to provide their comments and rankings. There was consensus that although both firms were qualified to manage the project, EG Solutions was more experienced and familiar with the Naples Airport and their proposal was much more detailed and thoughtful in how they would approach the project. Mr. Keith added that Mr. Brady and Ms. Sullivan are greatly respected in their fields, and Mr. Rozansky commented that EG Solutions spent a good amount of time laying out a workable phasing plan for the project, limiting exposure to operations. Following the discussion, Chair Lenhard, Commissioner Rideoutte and Commissioner Messer unanimously agreed to rank the firms as follows and to recommend the ranking to the full Board at the October 18th Regular Board Meeting:

- (1) EG Solutions Inc.
- (2) Hole Montes, Inc.
