Present were Chair Messer, Commissioner Brousseau, Commissioner Dustin, Vice Chair Lenhard and Commissioner Rideoutte.

Staff and Authority Counsel present were Mr. Rozansky, Mr. Owens, Ms. Terrill, Mr. Keith, Mr. Frost, Ms. Jackson, Ms. Sarcona and Ms. Menard.

B. PLEDGE OF ALLEGIANCE

Chair Messer led the Pledge of Allegiance.

C. AGENDA

There were no changes to the agenda.

D. PUBLIC COMMENTS

There were no public comments.

E. DISCUSSION ITEMS (Public comments accepted for each item; 5 minute limit)

1. Fuel Program

Mr. Rozansky provided a summary of the fuel program study that staff has been working on over the past year. He stated that various elements of the study tie back to the Strategic Plan in providing excellent customer service and enhancing the economic vitality of the airport. In order to develop a forward-looking fuel strategy and program, Mr. Rozansky said that staff reviewed data including historical operations, trends, data from peer airports, service levels, volumes, labor and operational and capital costs associated with providing FBO services separately from the rest of the airport. In addition to gathering data, he said that staff spent time meeting with customers individually and that he presented the Authority’s findings at the Experimental Aircraft Association meeting in October.

Mr. Rozansky stated that per the Delegation of Powers, the Executive Director has the authority to effectuate and change fuel programs but must keep the Board informed. He said that staff would like to begin implementing some of the proposed changes on November 1st with a transition period throughout the remainder of this fiscal year. Mr. Rozansky introduced the Authority’s fuel program consultant, Dr. Dave Byers of Quadrex Aviation to present the Aviation Fuel Program Study.

Dr. Byers provided a project overview of the Study and reviewed fundamental concepts to operate an FBO as a retail enterprise. He presented the current fuel programs for Jet A and AvGas fuel, historical Jet A and AvGas fuel sales for FY2017, fuel pricing policy philosophy, fue: sales and volume analysis for offsetting FBO expenses for FY2017, proposed fuel pricing policy update, the proposed contract fuel
program and volume discount program. There was discussion regarding the frequency of monitoring volume levels to obtain discounts. Commissioner Dustin suggested using volume data on a rolling 12-month period.

There was discussion regarding the risks and inefficiencies associated with the Prepaid fuel program and phasing it out by the end of May, 2019.

Two handouts were distributed to Board members. The first was the proposed recommendations for the updated fuel pricing strategy and policy for the Naples Airport, and the second handout the net difference between the existing and proposed fuel pricing policy.

Commissioner Dustin requested Mr. Rozansky to provide to Board members the fuel pricing comparison of the regional airports located within 30 miles of the Naples Airport.

Mr. Rozansky stated that staff will be scheduling follow-up phone calls with fuel customers to discuss the pending changes and will apprise the Board of any additional changes during the implementation.

Chair Messer requested a copy of Dr. Byers’ presentation be sent to Board members. Mr. Rozansky said that he would provide that along with the October fuel pricing comparison.

A question and answer period followed throughout the presentation.

F. PUBLIC COMMENTS (5 minute limit)

There were no public comments.

G. CORRESPONDENCE/COMMISSIONER COMMENTS & REQUESTS/MEETINGS

The Board of Commissioners thanked Dr. Byers for his presentation and commended staff on a job well done.
