# IMPORTANT INFORMATION ABOUT NAA BADGES

- The ID badge must be displayed on the outer-most layer of your clothing, where it can be easily seen by airport personnel, whenever you are on the airport grounds.
- The ID badge is the property of the Naples Municipal Airport. It **MUST** be returned to the airport when you cease renting hangar space or no longer have business at the airport. This is very important. It is a violation of federal law to retain an ID badge at an airport if you are not leasing space there.
- Report a lost ID badge to airport personnel **IMMEDIATELY**. There is a \$50 fee for lost badges, so please be very careful not to lose it. When not in possession of the badge, do not leave it unattended where it can be lost or stolen. Be sure it is stored in a secure place.
- Please make note of the expiration date on your ID badge. While the airport makes every effort possible to notify you in advance when the ID badge needs to be renewed, it is ultimately your responsibility to make sure you are holding a current, non-expired ID badge whenever you are on airport grounds. Once an airport ID Badge is expired for more than 30 days, it cannot be renewed, and a new application will have to be submitted. While there is no charge for the 1<sup>st</sup> ID Badge & subsequent renewals, there is a \$50 charge for a new application after the ID Badge has expired.
- Display the “Ramp Access” sticker on the lower right side of your windshield. This sticker must be displayed whenever your vehicle is on the airport grounds.
- Be sure your four-way flashers are on whenever driving on ramp areas.
- Observe the posted speed limits on the ramp areas at all times.
- Do not leave your car unattended on ramp areas. Be sure to park it in your hangar or designated parking lots while it is unattended.

I understand that if issued, **ALL AIRPORT GATE ACCESS CARDS** must be returned to the NAA upon lease or employment termination.

A maximum of two free ID Badges can be issued to any leaseholder. A fee of \$50.00 per additional ID Badge is charged. Only one (1) ID Badge can be issued per person.

Renewal of ID badge is free. ID's cannot be renewed if more than 30 days past expiration date. A new application must be submitted for a new ID Badge. A \$50 fee will apply for new applications 30 days after ID Badge expiration.

## Airport Gate Access Information & FAR 139.329 Training

### Read & Initial - **ONLY APPLICANTS WITH VEHICLE ACCESS**

### Part A

\_\_\_\_\_ Only approved and trained drivers with authorization may gain entry to the airport through a variety of specific gates, depending on the location and type of leasehold. Airport Gate Access Cardholders may gain entry only at the gate(s) for which their ID is programmed. Capital leasehold tenants may only enter their facility through their own gates and vehicles may not proceed on the ramp beyond 20 feet from in front of their building.

\_\_\_\_\_ At all times, vehicles and pedestrians shall remain clear of all runways, taxiways and safety areas. Vehicles and pedestrians may not enter any runway, taxiway or safety area without proper escort by certified personnel. Please be aware of your location at all times and limit the amount of driving or walking you must do to an absolute minimum. When escorting vehicles or pedestrians on a ramp area, it is the responsibility of the person escorting, to remain in control of the vehicle or pedestrian at all times and to ensure they do not cross into the movement area or any other un-authorized area. Boundaries between the ramp and the movement area are clearly marked with the following:

\_\_\_\_\_ Cardholders must display their badge/Access card above the waist and on the outer most garments when inside the perimeter of the airport. Cardholders may escort up to (six) individuals.

\_\_\_\_\_ The movement areas of the airport are restricted to those individuals that have completed a full airport Driver Certification Program. Access is strictly limited to those drivers operating vehicles who are authorized to communicate with the Tower. This Driver Training Program does not certify you to operate within the movement areas of the airport without proper escort.

\_\_\_\_\_ After entering or exiting through a gate, vehicle operators must remain at the gate until it is fully closed. Do not tailgate a vehicle through a gate. If another driver follows your vehicle through a gate, please record the license plate number and immediately report the incident to airport staff.

- \_\_\_\_\_ Ground vehicle operators are not to exceed 15mph on the ramp or secure area. Operations within 50 feet of any aircraft are limited to a maximum of 5mph. Emergency four-way flashers must be turned on.
- \_\_\_\_\_ Vehicles may be parked in designated areas ONLY. Improperly parked vehicles and unattended vehicles will be towed at the owner's expense.
- \_\_\_\_\_ Ground vehicles must yield to operating aircraft, aircraft under tow and all emergency equipment.
- \_\_\_\_\_ Driving on the airport, airport apron and ramps is a privilege; this privilege may be revoked at any time for any reason. Violations and Enforcement actions will be handled in accordance with the approved Airport Rules and Regulations and FAA Approved Airport Certification Manual. Any and all fines issued to the airport by the FAA or TSA will be passed on to the tenant.

### **Airport Gate Access Information & FAR 139.329 Training**

**Read & Initial - ONLY APPLICANTS WITH VEHICLE ACCESS**

**Part B**

- 
- \_\_\_\_\_ I understand that vehicle operations must be controlled on the airport and that Airport Gate Access Cards cannot be passed between individuals for any reason. If a card *is* found to have been transferred to another individual, that card will be removed from the gate system and the tenant and/or cardholder may lose their airport driving privileges.
  - \_\_\_\_\_ Cardholders are not permitted to operate their vehicles on the main ramp area (in front of the General Aviation Terminal between the Airport Office Building and the shade hangars just south of London Aviation.).
  - \_\_\_\_\_ Cardholders may gain entry only at the gate(s) for which their access card is programmed. Entry to the East Ramp Area may be gained at Gate 4E (Radio Rd.). Entry to the South Ramp Area should be made via gate 14E (Executive Hangar). London Aviation subtenants shall enter via Gate 10E (Gate between the London Aviation and Naples Air Center Maintenance).
  - \_\_\_\_\_ When vehicles are sold or disposed of, window stickers/placards must be removed and returned. I have read and understand the above information and accept all responsibility for my vehicular operations on the aprons and ramps of the airport.

- \_\_\_\_\_ I understand that vehicle operations must be controlled on the airport and that anyone who is able to gain access to the aircraft movement areas via the Capital Leasehold listed shall be my responsibility, unless they have completed this Driver Training Program.
- \_\_\_\_\_ I understand that internal company safety precautions must be in place in order to prevent a vehicle from inadvertently entering the aircraft movement area, and that if a vehicle does enter the movement area I am personally responsible for their actions and penalties, which could include loss of privileges, fines and or closure of the access point.
- \_\_\_\_\_ Capital Leasehold Tenants are responsible for all Gate Codes within their leaseholds and understand that these codes should not be passed between individuals for any reason. If a code *is* found to have been transferred to another individual, that code should be removed from the system.
- \_\_\_\_\_ Vehicles on the leaseholders' ramp must remain within 20 feet of the building or be parked within the hangar.
